1. Problem: The Commander, [] on 12 February 1957 forwarded a priority request recommending that [] produce one print each for [] when making prints required for the selected print file. He further advised that the Navy representative indicated that he also had a need for these prints; that since these requirements would involve only a few negatives the additional work load would be negligible and that this would prevent one additional handling of the negatives.

25X1

25X1

2. Present Operational Policy: Under the provisions of delegated responsibilities, III-B-3, the current policy agreement stipulated that [] would be responsible for the preparation of duplicate positives and prints as required to meet theatre needs. Item III-C-3, however, provides that [] will be responsible for the preparation of prints as necessary for the IPIR and the maintenance of such a selected print file as required.

3. Security Policy: Providing all security aspects as outlined in the TALENT Control System manual are adhered to, particularly with reference to proper classification, registration, receipting, safe storage of material, courier transmission and accountability.

4. Coordination:

25X1

a. There was no objection by the TCO/CIA for the request from [] being complied with; there was no objection from the TSO/CIA providing all security aspects of the TALENT Security System manual were complied with.

b. The matter was discussed for coordination with the TSO/AF, Maj. Nabors, who after consultation with Maj. Hoffman, Liaison Officer, advised that the policy as prescribed under Section III-B-3 should prevail and that  should not encumber themselves with reproduction problems.

25X1

c. The ARC Navy member, Capt. Clifford, was informed of the recommendation for coordination as pertained to the Navy.

5. Conclusion: It was decided that the problem would be discussed at the ARC meeting to be held 13 February 1957 at 9:30 A.M. before a policy decision would be rendered to
